Education

Ph.D. in Statistics

Jul 2022 - Nov 2025

Babasaheb Bhimrao Ambedkar University, Lucknow

Title: *Infectious Disease Modeling Through Distinct Statistical & Machine Learning Techniques*

M.Sc. in Statistics

2018–2020

Aligarh Muslim University, Aligarh

GPA: 7.690/10.00

Dissertation: Image Classification of Skin Lesion

B.Sc. (Hons) in Statistics

2015–2018

Aligarh Muslim University, Aligarh

GPA: 7.843/10.00

Dissertation: Effectiveness of Choice-Based Credit System (Survey Report)

Professional Qualifications

• GATE (Data Science & AI) (2024)

• O Level (NIELIT) (2022)

Experience

Assistant Professor

Nov 2025 - **present**

Directorate of Online Education

Manipal Academy of Higher Education, Manipal

Research Assistant (UPCST funded project)

Jun 2023 - Oct 2024

Project title: Statistical modeling for COVID-19 spread using different approaches

Department of Statistics, BBAU, Lucknow.

- Designed compartmental and statistical models for COVID-19 transmission
- Applied time series and ML models for prediction

Research Interests and Skills

- Data Science & Predictive Analytics, Machine Learning, Time Series Analysis, Statistical Modeling, Mathematical Epidemiology
- Python (Pandas, Scikit-learn, Statsmodels), Data Visualization (Matplotlib, Seaborn), Excel, Jamovi

National/International Conferences/Workshop

1. Research paper presented: “**Predicting Lumpy Skin Disease Outbreak: A Comparative Study of Machine Learning Across Affected Countries**” at **International Conference on Advances in Geometry algebra, Analysis and Artificial Intelligence (ICAGAAAI-2024)**”, organized by Department of Mathematics & Statistics, Integral University, Lucknow, India during November 7-9, 2024.
2. Research paper presented: “**A comparative study of Trends for Dengue outbreaks and mortality in India using different Machine Learning models**” at **International Conference on Innovations in Science, Management and Technology (ICISMT)**”, Organized By DEPARTMENT OF BUSINESS ADMINISTRATION Chaudhary Devi Lal University Sirsa, Haryana, India in Association with American Institute of Management and Technology (AIMT), USA (An Academic Subsidiary of The Global Knowledge foundation (GKF), USA, Inc.) during August 17-18, 2023.
3. Participated in the “**Workshop on Computational Oncology**”, organized by Department of Mathematics, Indian Institute of Technology Patna held during 19th April to 21st April, 2024.
